

Newsletter 4

how do i feel after 1 month ?

I have been in Macedonia for a month now and I feel very good. We now had our daily habits, I go to the gym 4 times a week, we have a restaurant on weekends and everything is going really well. I am grateful that I made the decision to go abroad to gain new experiences.

Fine Arts and Cinema in France

- Fine arts: painting, sculpture, architecture are present in all the major cities of France. These cities bring together several museums where are organized regular exhibitions. One of the most famous: the Louvre museum in Paris

- Cinema: it is one of the oldest in the world. Faced with stiff competition from Hollywood, he specialized in French comedy on the one hand and author cinema on the other. French producers rely on pre-war stars to attract large audiences and stand out from American cinema: Jean Gabin, Fernandel and Michel Simon. In French cinema all genres are covered: swashbuckling, this genre in France was especially recognized in the 1950s and 1960s. The actors of this period are: Gérard Philippe, Jean Marais and the films: Fanfan la tulipe, The three musketeers. Most often, detective films and comedies top the bill: Welcome to the Ch'tis. Every year in Cannes is one of the biggest festivals which rewards the best films of the year.
